Offer good until 12/31/2025 or for up to 36 months from Patient qualification into the program, whichever comes first. Patients must have coverage for Olumiant through their commercial drug insurance and a prescription consistent with FDA approved product labeling to pay as little as \$5 for a 30-day supply of Olumiant. Offer subject to a monthly cap of wholesale acquisition cost plus usual and customary pharmacy charges and a separate annual cap of \$9,100. Patients must have commercial drug insurance and prescription consistent with FDA-approved product labeling to pay as little as \$25 for a 30-day supply of Olumiant. Participation in the \$25 program requires submission of a prior authorization (PA). If coverage is denied, an appeal must be submitted prior to 5th month fill. A new PA and appeal or medical exception (ME) must be submitted every 12 months or as required by Lilly to verify coverage status and potential eligibility for the \$5 program. Offer subject to a monthly cap and a separate annual cap. Monthly and annual caps are set at Lilly's absolute discretion and may be changed by Lilly with or without notice. If a patient's commercial drug insurance plan imposes additional requirements which limits or prevents the patient from receiving coverage, only allows partial coverage, or at Lilly's discretion determines the patient is effectively uninsured because such coverage does not provide a material level of financial assistance for the cost of an Olumiant prescription, or does not apply Olumiant Savings Card Program payments to satisfy the patient's co-payment, deductible, or coinsurance for Olumiant, Lilly has the right to reduce or eliminate the payments provided by the Olumiant Savings Card Program. Participation in the program requires a valid patient HIPAA authorization. Offer void where prohibited by law. Patient is responsible for any applicable taxes, fees, or amounts exceeding monthly or annual caps. **This offer is invalid for Patients without commercial drug insurance or whose prescription claims for Olumiant are eligible to be reimbursed, in whole or in part, by any governmental program, including, without limitation, Medicaid, Medicare, Medicare Part D, Medigap, DoD, VA, TRICARE[®]/CHAMPUS, or any State Patient or Pharmaceutical Assistance Program.** This offer is not valid for: Massachusetts residents if an AB-rated generic equivalent is available; California residents if an FDA-approved therapeutic equivalent is available. Available only in the US and Puerto Rico for residents of the US and Puerto Rico who are 18 years of age or older. By accepting this offer, you agree that if you are required to do so under the terms of your insurance coverage for this prescription or are otherwise required to do so by law, you should notify your Insurance Carrier of your redemption of this Card. This offer cannot be combined or utilized with any other program, discount, discount card, cash discount card, coupon, incentive, or similar offer involving Olumiant. It is prohibited for any person to sell, purchase or trade; or to offer to sell, purchase or trade, or to counterfeit this Card. This offer may be terminated, rescinded, revoked or amended by Lilly USA, LLC at any time without notice. Card activation required. This Card is not health insurance. This Card expires on 12/31/2025. Upon offer expiration, at Lilly's sole discretion you may be eligible to re-enroll by activating a new offer.

Before Olumiant Together™ can start helping you, Lilly may ask for some information about you and your health from your Health Care Entities (as defined below). This is known as your *Protected Health Information*, or *PHI*. By signing this form, you understand and agree that your PHI may be shared with or used by Lilly as explained below.

PHI includes information like:

- Your health insurance or benefits, including how much coverage you have
- All records about your treatment
- Whether you're staying on your medicine or treatment

If you agree, your PHI may be shared by these entities (together "Health Care Entities"):

- Your doctors and other healthcare providers
- Your healthcare plan or health insurance company
- Clearinghouses or other agents
- Your pharmacy
- Others who might have your PHI on behalf of your healthcare providers, pharmacies and healthcare plans

Your PHI is used in ways like these:

- To learn how much of your Lilly treatment is covered by your insurance
- To help you find other ways to afford your treatment
- To track your use of your Lilly treatment
- To share information with your healthcare provider
- To make sure that you receive high-quality services from the program
- To measure program performance and make program improvements
- Internal Lilly use of data to drive business decisions and metrics on hub performance
- Reports to our sales force regarding HCP use of hub services
- Conversations/messages to your HCP regarding trends and hub performance

Other things you should know about sharing and using your PHI:

- We only ask for and share the PHI that we need to provide the benefits you want. We do not ask for any PHI that we do not need, but we may receive some in the health records sent to us. Your PHI will be released to Eli Lilly and Company and Lilly USA, LLC and its affiliates, agents, representatives, and service providers (together "Lilly").
- You don't have to give permission to share your PHI with Lilly to receive treatment from your healthcare providers, your prescription from your pharmacy, or benefits from your healthcare plan, but Olumiant Together™ may not be able to help you without it
- After your PHI has been shared, it may no longer be covered by federal and state privacy laws (such as HIPAA), and it may be shared again with others by Lilly
- Your signed permission to share and use your PHI lasts for 3 years from the date of your signature unless you are a resident of Maryland, Maine, or Montana, in which case the permission will last for 1 year from the date of your signature. In either case, you may revoke your permission before then by writing to PO Box 221349, Charlotte, NC 28222, which will preclude reliance on the authorization after the date your written revocation is received
- Your healthcare providers (such as pharmacies) may be paid by us in exchange for sharing your PHI. They may also be paid by us to use your PHI to provide services, such as contacting you about Lilly products
- **You can stop sharing your PHI with us or change what you share by calling us at 1-844-OLUMIANT (1-844-658-6426) or by writing us at PO Box 221349, Charlotte, NC 28222**
- **Your cancellation or revocation of this Authorization will be effective when your Health Care Entities receive notice of your cancellation or revocation, and will not apply to any information shared with Lilly by your Health Care Entities prior to the time those Health Care Entities receive notice**

California Privacy Disclosures

California residents who have an established business relationship with Lilly may have the right to request information regarding Lilly's disclosure of certain PI to Third Parties for their direct marketing purposes. To make a request for such information, you may contact us using the information in this document.

Sale and Sharing of Personal Information

Lilly does not sell PI about California consumers that are protected under the California Consumer Privacy Act of 2018 ("CCPA") or California Privacy Rights Act ("CPRA") to third parties or share such PI with third parties for targeted or cross-context behavioral advertising, as those terms are defined by applicable law. When Lilly permits third parties to collect PI through our websites or discloses PI to third parties, Lilly is doing so pursuant to various exceptions to the opt-out rights provided for under California law. For example, Lilly permits third parties acting on its behalf to process PI for the business purposes described in this Notice including advertising and marketing services (excluding cross-context behavioral advertising). In addition, Lilly may permit third-party advertising solutions to process PI when you direct us to do so by agreeing to the use of such technologies to personalize Lilly's content and ads. Consistent with the above, Lilly does not sell or share for cross-context behavioral advertising PI relating to consumers who it knows are under 16 years of age.

Sensitive Personal Information

Lilly does not use or disclose your sensitive PI except for limited purposes that are authorized by law. For example, Lilly may collect information about your health or medical diagnosis to provide you specific functionality or products or services that you have requested. California law does not afford you rights to limit the use or disclosure of sensitive PI for these purposes, although we may nonetheless ask for your consent or provide you choices about how we use this information depending on the relevant context.
